

NEW JERSEY COUNCIL OF EDUCATION

PRESIDENTS, SECRETARIES, AND TREASURERS

There is truth in the statement that the strength of an organization can be measured by quality of its leadership. From the very beginning of the Council, its officers, listed below, have read like a list of "Who's Who of New Jersey Public School Leaders." In literal fact it is just that. It is unfortunate that space does not permit the inclusion of the roles played and the contributions made by these men and women who, over a space of nearly 130 years, have kept the organization strong and its services eminently helpful to the development of education in New Jersey and in the nation.
